RAG's Winter Calendar

...the darkest month of the year,
beyond the solstice,
to the light of the lengthening days...

**1st December 2020 to
1st January 2021**

Since the successful online exhibition of 'Lockdown Drawings 2020' (see www.riversideartistsgroup.com) during the first Lockdown, **RAG** presents another way of showing art following the second.

32 artists from Riverside Artists Group (**RAG**) display images on the social media platform of Instagram (@riversideartistsgroup) throughout the month of **December to New Year's Day 2021**, one work per day, from randomly generated numbers, selected as above. The calendar takes us through the darkest month, opening a numbered door (swipe left), to reveal a fresh work each day.

The work reflects the rich diversity and talent within **RAG**. Using social media has been a way for members to interconnect while sharing work developed in isolation, and reproduced two-dimensionally through photographic means. The loss of physical exhibitions this year in the current pandemic has led to new ways of showing art being tested. Instagram, rolling forward each day, presents a time-based exhibition.

Follow us [@riversideartistsgroup](https://www.instagram.com/riversideartistsgroup) to see how the days unfold. Let us know what you think. For further information please email Sarah Granville: sg@sarahgranville.com
